

Made in New Zealand

This trademark signifies that a product or service is New Zealand made according to the rules of the Fair-Trading Act.

MPI Approved

Products approved for use by Ministry of Primary Industries.

NSF Certified

NSF protects and improves global human health. Manufacturers, regulators, and consumers look to NSF to facilitate the development of public health standards and provide certifications that help protect food, water, consumer products and the environment.

ECNZ Certified

Environmental Choice is the official environmental label of New Zealand. Although initiated and endorsed by the New Zealand Government.

Environmental Choice is firmly independent, recognising the increasing effort of manufacturers to reduce the environmental impact of their products and enabling consumers to reliably select products from companies who value reducing harm to the environment as much as they do.

Assure Quality Certified

AssureQuality approved for the Dairy Industry - guaranteeing a higher standard of quality and safety.
